SAFETY DATA SHEET

CountryMark Vacuum Pump Oil

Section 1. Identifi	cation
GHS product identifier	: CountryMark Vacuum Pump Oil
Other means of identification	: Not available.
Product type	: Liquid.
Identified uses Vacuum Pump Oil	
Supplier's details	: CountryMark 225 S. East Street Suite 144 Indianapolis, IN 46202 Phone: 317-896-4355 www.countrymark.com
Manufactured by	: Pinnacle Oil Holdings, LLC 8175-B Allison Ave. Indianapolis, IN 46268 Tel: 317-875-9465 Fax: 317-875-0889 www.pinnacleoil.com
Emergency telephone number (with hours of operation)	: CHEMTREC, U.S. : 1-800-424-9300 International: +1-703-527-3887 (24/7)
Section 2. Hazard	s identification
OSHA/HCS status	: While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.
Classification of the substance or mixture	: Not classified.
GHS label elements	
Signal word	: No signal word.
Hazard statements	: No known significant effects or critical hazards.
Precautionary statements	
General	: Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.
Prevention	: Not applicable.
Response	: Not applicable.
Storage	: Not applicable.
Disposal	: Not applicable.
Hazards not otherwise classified	: None known.

Tel : +1-888-GHS-7769 (447-7769) / +1-450-GHS-7767 (447-7767) www.kmkregservices.com www.askdrluc.com www.ghssmart.com

Section 3. Composition/information on ingredients

Substance/mixture
Other means of
identification

: Mixture

: Not available.

CAS number/other identifiers

CAS number	: Not applicable.
Product code	: Not available.

Ingredient name	%	CAS number
Distillates (petroleum), hydrotreated heavy paraffinic	30 - 60	64742-54-7

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First aid measures

Description of necessary first aid measures Eye contact : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower evelids. Get medical attention if irritation occurs. Inhalation Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get 5 medical attention if symptoms occur. Skin contact : Flush contaminated skin with plenty of water. Get medical attention if symptoms occur. Ingestion ÷. Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

Most important symptoms/e	ffects, acute and delayed		
Potential acute health effect	<u>ots</u>		
Eye contact	: No known significant effects or critical hazards.		
Inhalation	: No known significant effects or critical hazards.		
Skin contact	: No known significant effects or critical hazards.		
Ingestion	: No known significant effects or critical hazards.		
Over-exposure signs/symptoms			
Eye contact	: No known significant effects or critical hazards.		
Inhalation	: No known significant effects or critical hazards.		
Skin contact	: No known significant effects or critical hazards.		
Ingestion	: No known significant effects or critical hazards.		
Indication of immediate medical attention and special treatment needed, if necessary			
Notes to physician	: Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.		
Specific treatments	: No specific treatment.		
Protection of first-aiders	: No action shall be taken involving any personal risk or without suitable training.		

See toxicological information (Section 11)

Section 5. Fire-fighting measures

: In case of fire, use foam, dry chemical or carbon dioxide.
: Do not use high volume water jet as an extinguisher, as this may spread the fire.
: No specific fire or explosion hazard.
: Carbon oxides
: No special measures are required.
: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Section 6. Accidental release measures

Personal precautions, protec	tiv	e equipment and emergency procedures
For non-emergency personnel	:	No action shall be taken involving any personal risk or without suitable training. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
For emergency responders	:	If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
Environmental precautions	:	Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
Methods and materials for containment and cleaning up		
Small spill	:	Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
Large spill	:	Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

Section 7. Handling and storage

Precautions for safe handling

Protective measures	: Put on appropriate personal protective equipment (see Section 8).
Advice on general occupational hygiene	: Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. See also Section 8 for additional information on hygiene measures. Remove contaminated clothing and protective equipment before entering eating areas.

Section 7. Handling and storage

Conditions for safe storage,	1	Store in accordance with local regulations. Store in original container protected from
including any		direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials
incompatibilities		(see Section 10) and food and drink. Keep container tightly closed and sealed until
-		ready for use. Containers that have been opened must be carefully resealed and kept
		upright to prevent leakage. Do not store in unlabeled containers. Use appropriate
		containment to avoid environmental contamination.

Section 8. Exposure controls/personal protection

Control parameters

Occupational exposure limits

Ingredient name		Exposure limits
Distillates (petroleum), hydrotreated heavy paraffinic		ACGIH TLV (United States, 4/2014). TWA: 5 mg/m ³ 8 hours. Form: Inhalable fraction NIOSH REL (United States, 10/2013). TWA: 5 mg/m ³ 10 hours. Form: Mist STEL: 10 mg/m ³ 15 minutes. Form: Mist OSHA PEL (United States, 2/2013). TWA: 5 mg/m ³ 8 hours.
Appropriate engineering controls	: Good general ventilatic contaminants.	on should be sufficient to control worker exposure to airborne
Environmental exposure controls		tion or work process equipment should be checked to ensure equirements of environmental protection legislation.
Individual protection measure	ures	
Hygiene measures	eating, smoking and us Appropriate techniques Wash contaminated clo	and face thoroughly after handling chemical products, before sing the lavatory and at the end of the working period. Is should be used to remove potentially contaminated clothing. othing before reusing. Ensure that eyewash stations and safety the workstation location.
Eye/face protection	assessment indicates t gases or dusts. If cont	ying with an approved standard should be used when a risk this is necessary to avoid exposure to liquid splashes, mists, act is possible, the following protection should be worn, unless tes a higher degree of protection: safety glasses with side-shields
Skin protection		
Hand protection		pervious gloves complying with an approved standard should be handling chemical products if a risk assessment indicates this is
Body protection		uipment for the body should be selected based on the task being s involved and should be approved by a specialist before
Other skin protection		nd any additional skin protection measures should be selected g performed and the risks involved and should be approved by a ing this product.
Respiratory protection		ir-purifying or supplied air respirator complying with an approved

standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Section 9. Physical and chemical properties

Appearance

Appearance	
Physical state	: Liquid.
Color	: Light yellow.
Odor	: Petroleum.
Odor threshold	: Not available.
рН	: Not available.
Melting point	: Not available.
Boiling point	: Not available.
Flash point	: Open cup: >200°C (>392°F) [Cleveland.]
Evaporation rate	: Not available.
Flammability (solid, gas)	: Not available.
Lower and upper explosive (flammable) limits	: Not available.
Vapor pressure	: Not available.
Vapor density	: Not available.
Relative density	: 0.855 to 0.865
Solubility	: Not available.
Partition coefficient: n- octanol/water	: Not available.
Auto-ignition temperature	: Not available.
Decomposition temperature	: Not available.
Viscosity	: Kinematic (40°C (104°F)): >0.414 cm²/s (>41.4 cSt) [ASTM D445]
Volatility	: Not available.
VOC content	: 46.5 % (w/w)

Section 10. Stability and reactivity

Reactivity	: No specific test data related to reactivity available for this product or its ingredients.
Chemical stability	: The product is stable.
Possibility of hazardous reactions	: Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid	: No specific data.
Incompatible materials	: Reactive or incompatible with the following materials: oxidizing materials.
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11. Toxicological information

Section 11. Toxico		gical information	
nformation on toxicological	effe	ects	
Acute toxicity			
There is no data available.			
Irritation/Corrosion			
There is no data available.			
<u>Sensitization</u>			
There is no data available.			
Carcinogenicity			
There is no data available.			
Specific target organ toxicit	t <mark>y (</mark> s	<u>single exposure)</u>	
There is no data available.			
Specific target organ toxicit	t <mark>y (r</mark>	<u>epeated exposure)</u>	
There is no data available.			
Aspiration hazard			
Name			Result
Distillates (petroleum), hydrotreated	heav	y paraffinic	ASPIRATION HAZARD - Category 1
Potential acute health effects Eye contact		No known significant effects or critical ha	
Inhalation	1	No known significant effects or critical ha	
Skin contact	1	No known significant effects or critical ha	
Ingestion	- 1	No known significant effects or critical ha	zards.
Symptoms related to the phy	ysic	al, chemical and toxicological characte	ristics
Eye contact	1	No known significant effects or critical ha	zards.
Inhalation	1	No known significant effects or critical ha	zards.
		No known significant effects or critical ha	zards.
Ingestion	:	No known significant effects or critical ha	zards.
Delayed and immediate effec	rte	and also chronic effects from short and	l long term exposure
Short term exposure			<u> </u>
Potential immediate effects	:	No known significant effects or critical ha	zards.
Potential delayed effects		No known significant effects or critical ha	zards.
Long term exposure		C C	
Potential immediate effects	:	No known significant effects or critical ha	zards.
Potential delayed effects	:	No known significant effects or critical ha	zards.
Potential chronic health eff		-	
General		No known significant effects or critical ha	zards.
Carcinogenicity		No known significant effects or critical ha	

Section 11. Toxicological information

Teratogenicity	1	Ν
Developmental effects	:	Ν
Fertility effects		Ν

- : No known significant effects or critical hazards.
- : No known significant effects or critical hazards.
- : No known significant effects or critical hazards.

Numerical measures of toxicity

Acute toxicity estimates

There is no data available.

Section 12. Ecological information

Toxicity

There is no data available.

Persistence and degradability

There is no data available.

Bioaccumulative potential

There is no data available.

Mobility in soil Soil/water partition : Not available. coefficient (Koc) : Not available.

Other adverse effects : No known significant effects or critical hazards.

Section 13. Disposal considerations

Disposal methods : The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Section 14. Transport information

	DOT Classification	IMDG	IATA
UN number	Not regulated.	Not regulated.	Not regulated.
UN proper shipping name	-	-	-
Transport hazard class(es)	-	-	-
Packing group	-	-	-

CountryMark Vacuum Pump Oil

Section 14. Transport information

Environmental hazards	No.	No.	No.
Additional information	-	-	-

AERG : Not applicable.

Special precautions for user : **Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

Transport in bulk according : Not available. to Annex II of MARPOL 73/78 and the IBC Code

Section 15. Regulatory information

v	-
U.S. Federal regulations	: TSCA 8(a) PAIR: N-1-naphthylaniline
	TSCA 8(a) CDR Exempt/Partial exemption: Not determined
	United States inventory (TSCA 8b): All components are listed or exempted.
Clean Air Act Section 112 (b) Hazardous Air Pollutants (HAPs)	: Not listed
Clean Air Act Section 602 Class I Substances	: Not listed
Clean Air Act Section 602 Class II Substances	: Not listed
DEA List I Chemicals (Precursor Chemicals)	: Not listed
DEA List II Chemicals (Essential Chemicals)	: Not listed
SARA 302/304	
Composition/information	on ingredients
No products were found.	
SARA 304 RQ	: Not applicable.
<u>SARA 311/312</u>	
Classification	: Not applicable.
<u>SARA 313</u>	
No products were found.	
State regulations	
Massachusetts	: None of the components are listed.
New York	: None of the components are listed.
New Jersey	: The following components are listed: Distillates (petroleum), hydrotreated heavy paraffinic
Pennsylvania	: None of the components are listed.
<u>California Prop. 65</u>	
No producto woro found	

No products were found.
